Weights are to be reported with OBSCON as ROUND weights in whole pounds. Dressed weights MUST be converted to round weights. For cod, multiply the dressed weight by 1.17. For haddock, multiply the dressed weight by 1.14. For white hake, multiply the dressed weight by 1.13. Please show your work on this sheet (refer to the example below).

(relef to the example below).														
			1000 *											
1	50 * 1.17=58.5	0	1.14=1140	75	0	0	0	0	0	0	0	0	0	0

Example: Haul # 1 with 50 lbs. of dressed kept cod, 0 lbs. of discarded cod, 1000 lbs. of kept dressed haddock, 75 lbs. of discarded round haddock, and 0 lbs. caught of the other species of concern.
